

# Author Portfolio Website Assignment

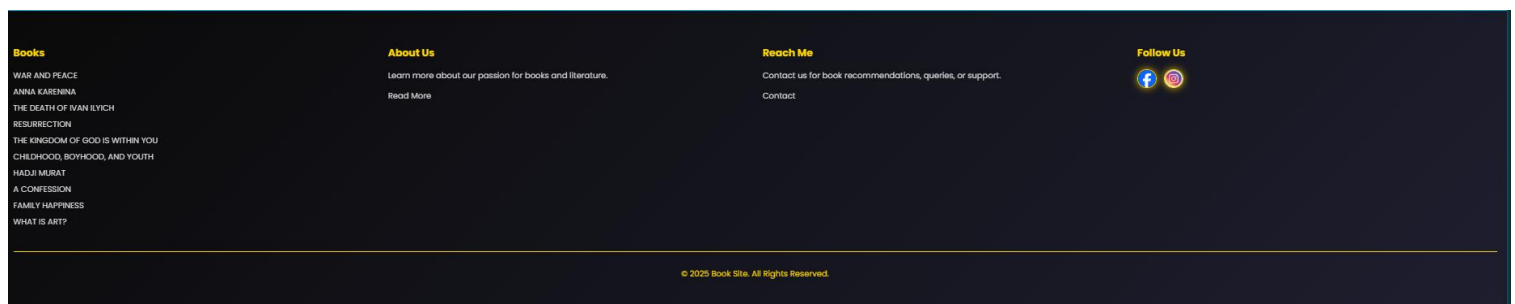

## 1. Header

- Used OOTB (Out-of-the-Box) AEM header component.
- Created the following navigation pages:
  - **Home**
  - **Books** (Dropdown with book list)
  - **About Me**
  - **Contact Me**
- Styled the header properly.

## 2. Footer

- Sections included:
  - **About Me**
  - **REACH ME Me**
  - **Books List** (Hyperlinked to open in a new tab)
  - **Social Media Section**
- Used text and list components to author content.

## 3. Home Page

- Used **Teaser Component** to display an award ceremony:
  - Image, title, description, and CTA linking to the detailed award page.
- Used at least **5-6 components** including text, image, title, and teaser.

AWARDS

## 4. Books Page

- Created a **Book Component** that fetches books from /content/books.
- Authored book pages under /content/books with:
  - **Title**
  - **Image**
  - **Description**
- Displayed books as **cards** with unique content.

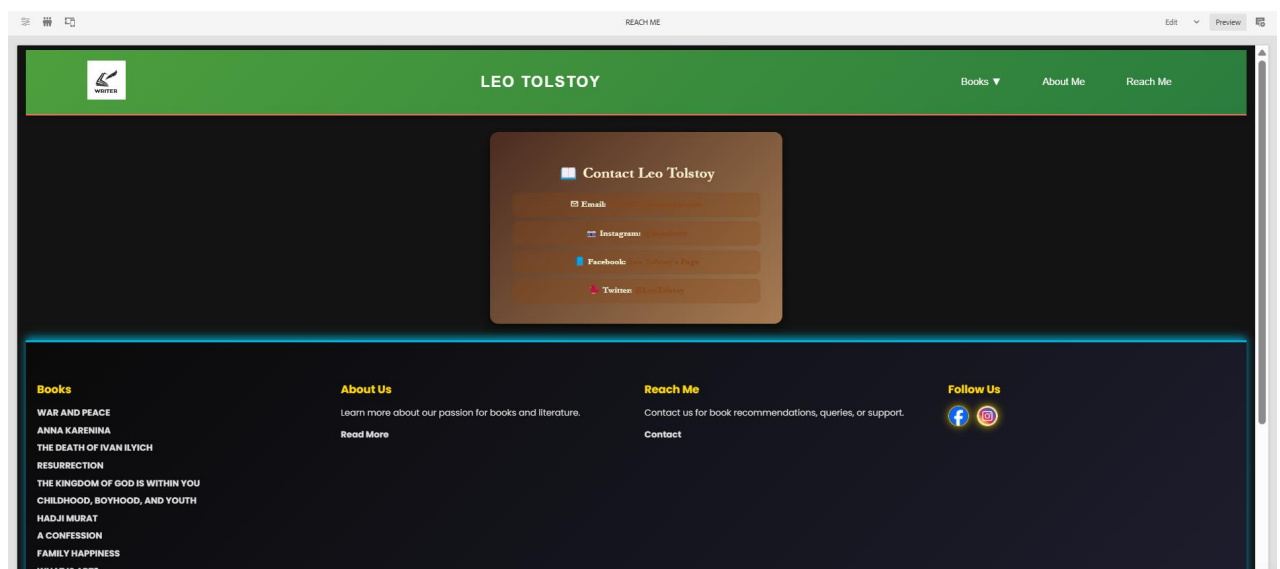

## 5. About Me Page

- Used only the **Author Component** to display author details.

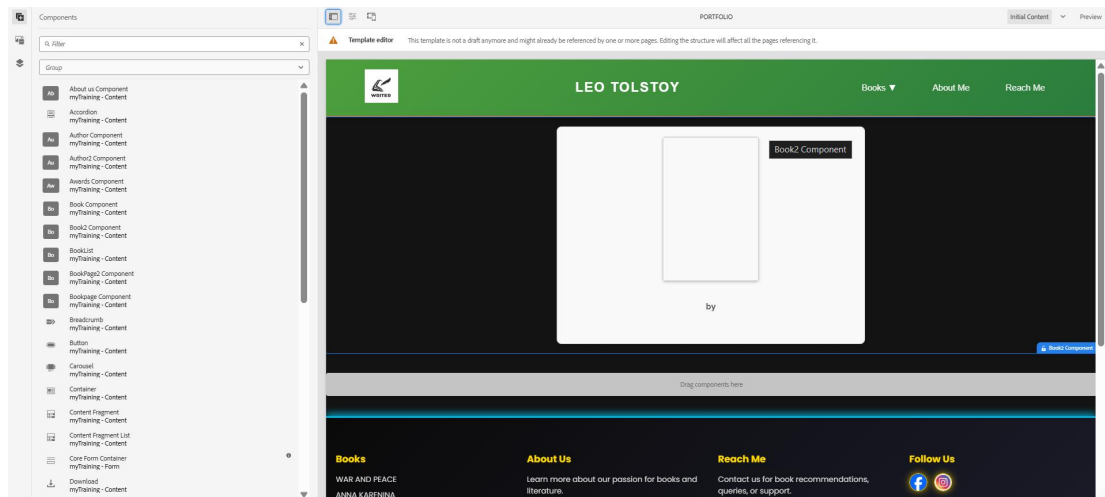

## 6. Contact Me Page

- Used **Text or Teaser Components** to display:
  - Contact details
  - Social media links for easy follow options

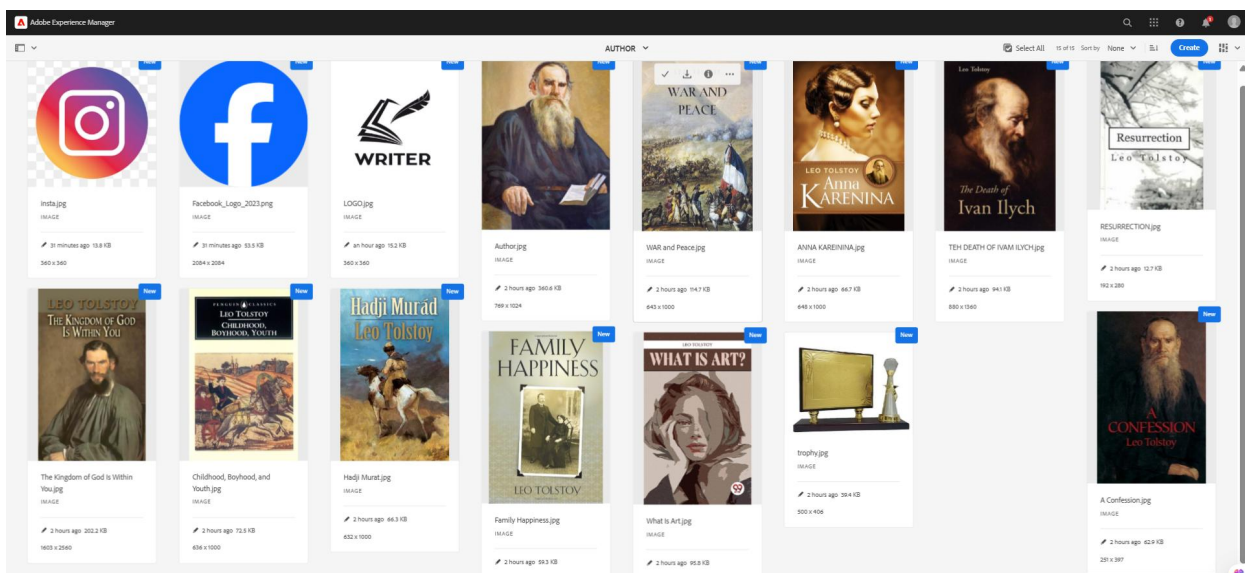

## 7. Template Usage

- **Header and Footer** added at the template level for global availability.
- **Home Page** created using the **OOTB Content Page Template**.
- **Books Page** created using the **Book Page Template** from the assignment.

## 8.ASSETS Usage:

Images are stored in assets

## 8. COMPONENTS USED IN BACKEND
